DOING WHAT
YOUR CALLED
TO DO

Mary Munyangaju

Don't be afraid Mary, for you have found favor with God Luke 1:20

Greetings with love from Mary CBC Graduate 2009

I just felt it's time to write few things to encourage you brothers and sisters who may be thinking of going to Bible College in the near future.

Using my own experience; I knew God called me to go to Bible College, I applied in one of the local Bible College's but was turned down because I was not academically "qualified". Although I was disappointed at the same time the desire to study the Word of God was intensifying. A year later when CBC moved to Belfast I knew it was God's answer to my prayers, I was so excited BUT, we had just used every penny we had to buy a property. Also, being a working mother with a young family was another challenge! All the excitement I had turned to fear but God gave me grace to face it head on. I heard Him saying to me

"don't be afraid Mary, for you have found favour with God" Lk 1:30. Praise the Lord!

In the natural, I couldn't see where the money would come from. Honestly it was so scary thinking how I was going to cope with all these changes plus family responsibilities. But I trusted God to give me the grace to do it all.

I remember the last month in college when Grady handed the last payment receipt for my college fee's, I looked down at the slip of paper and I saw the words "payed in full" I couldn't hold my emotion but shed tears of joy. I have kept it as a reminder of God's faithfulness.

When you finish the Bible College you will NEVER be the same person again. That is a guarantee! I am glad I made that decision of getting out of my house and soak myself into the Word five mornings a week for two years! I can't find words to explain the difference it

made in my life and the impact of it in the lives of those whom I come in contact with. The benefits are HUGE! To me, going to CBC was, is, and always will be the best investment of my life.

Brothers and sisters, whatever situation, your facing remember that God is above all. He will never ask you to do something He is not ready to help.

Two months ago by surprise I received a letter from the Tax office {Inland Revenue} highlighting a mistake on their part and promising to review how much they owed me and arrange the repayment. Just before Christmas they sent me a cheque almost equivalent to the amount I payed for two years in College!
